

BRAUN SIXZERO Ultimate Action Imaging

The BRAUN SIXZERO is an extremely compact designed action camera which provides professional video recordings of 60 fps at Full HD due to a new developed chip. An integrated LCD display enables the optimal alignment of the camera and control of the recordings afterwards. The very good quality of audio recordings can be improved by an external microphone with wind protection. Due to its high-quality and extensive accessories the BRAUN SIXZERO is set up for all requests. A precisely developed underwater housing makes it also possible to dive up to a depth of 30m.
